

**We are VALTEC,
an energy technology company**

***We take energy forward - making
it safer, cleaner, and more
efficient for people and the planet.***

Corporate Profile

Company Overview

Established in August 2015, VALTEC is a value-driven design, engineering, procurement, construction, and management consulting company. Our mission is to deliver compelling value through technology solutions to EPCM projects, existing plants, and contractors in the energy, mining, manufacturing, refinery, power, oil & gas industries. VALTEC's unique blend of locally available expertise and a globalized affiliated support network ensures specialized precision, real-time speed, and reliable service quality across all projects in Africa.

Digital Innovation

The potential of harnessing digital technologies to deliver value for our client's projects drives us at VALTEC. We continuously seek improvement in business performance by efficiently considering evolving technologies, industry best practices, and stakeholder expectations.

Our Purpose

- Deliver value through technology.
- Demonstrate leadership with excellence.
- Think innovatively while embracing new ideas.
- Operate ethically and with integrity, prioritizing safety and security.
- Collaborate with unrivaled expertise to solve complex challenges.
- Share success with our stakeholders.

Ethics & Compliance

VALTEC prioritizes integrity and maintains high ethical and compliance standards while delivering exceptional value to our clients. Our Blueprint details our strategy and ambitions across all business sectors. Our integrity is guided by our Code of Conduct and Anticorruption Policy, which lays out crucial legal and ethical standards for making sound business decisions across all projects.

Quality and Assurance

When we get it wrong, the consequences can be severe. Hence, we fully recognize and accept our duty of care to develop safe and reliable technical solutions that deliver compelling value. All our projects follow a tailored, strong, flexible, and systematic process that includes non-negotiable guidelines, expected results, and suitable toolkits. Our operations strictly adhere to a robust QHSE policy that is dedicated to safeguarding the physical, psychological, and social well-being of our employees, stakeholders, and communities. We are proudly ISO 9001 and ISO 14001 certified.

Services

1. Engineering, Procurement and Construction

VALTEC offers comprehensive EPC (Engineering, Procurement, and Construction) services, tailored to meet the complex needs of the energy, mining, oil, and gas sectors. Our team brings a wealth of experience, utilizing advanced technology and local expertise to streamline project execution from design to completion. We are your premier sourcing partner, equipped with capabilities, offerings, technology, rapid turnaround, quality, and modular solutions. When fabrication is central to your project, VALTEC is your reliable partner.

**Valves,
Fitting & Flanges**

**Pumps, Production
& Drilling**

Switchgears**

Transformers

**Electrical Cables
& Products**

2. Renewable Energy

VALTEC, an energy technology company is building a sustainable future through renewable energy. We design and implement clean energy projects that reduce carbon footprints and lower energy costs. We meet residential, commercial, utility energy demands with high-quality solar photovoltaic modules and reliable battery storage solutions for our projects. We utilize the Smart Design Technology to realize the vision of your solar PV power plant with full 3D rendition, design for maximum yield, high performance, and efficient operations. Our innovative smart solar street lighting, solar traffic lights solutions distinguishes us with advanced technological advantages.

**SMART SOLAR
Traffic Light**

**HUAWEI Batteries
& Inverters**

3. Calibration

In an industry where accuracy, precision, and reliability of instruments and equipment are paramount, VALTEC calibration service solutions will be your reliable partner for precise calibrations for all industrial instruments (temperature, pressure, humidity, electrical, and mechanical) across the energy, manufacturing, mining, healthcare, oil & gas sectors.

**Druck DPI 620 Genii-IS
Multi-function Calibrator**

**Druck DPI 620 Genii-IS
Multi-function Calibrator**

**Pressure, Humidity, and
Temperature Equipment
Calibration Bench**

4. Reliability

Whether it is laser alignment, machinery dynamic balancing, vibration analysis, leak detection, diagnostic services, oil analysis, and onsite repair, VALTEC is your go-to reliable partner for precision and reliability.

**ROTALIGN Touch
Laser Alignment Tool**

**VIBXpert II
Vibration Analysis Tool**

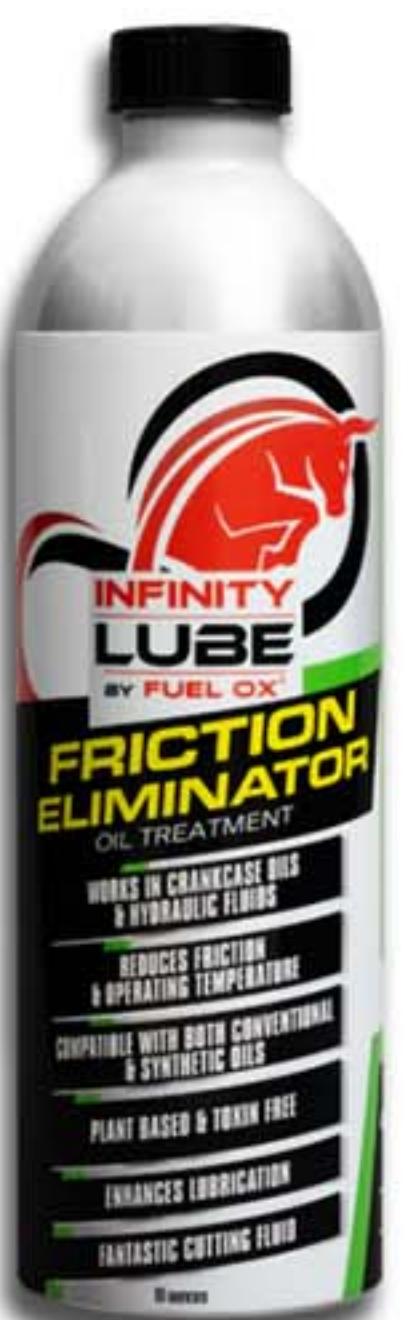

**Olympus Borescope
Inspection Tool**

5. Additives: Fuel, Lubricants and Greases

VALTEC offers a range of high-quality fuel additives and lubricants designed to enhance equipment performance, reduce emissions, and extend machinery life. Our solutions are formulated for the demanding conditions of the energy and industrial sectors, providing improved efficiency and reliability in day-to-day operations. Partner with us for a greener, more efficient approach to fuel and lubricant management.

**Fuel Ox® with
Combustion Catalyst™**

**Fuel Ox® Infinity Lube™
Liquid Friction Eliminator**

**Fuel Ox® Infinity
Lube™ Cool-Ox**

**Fuel Ox® Infinity
Lube™ Super Grease**

**Fuel Ox® Infinity
Lube™ Super Grease**

**Fuel Ox® Infinity
Lube™ Super Spray**

6. Infrastructure and Facilities

Our Infrastructure and Facilities services cater to the specific requirements of the industrial sector, providing reliable, tailored solutions for facility management, construction, and maintenance. VALTEC leverages its local expertise and global network to support infrastructure projects, ensuring optimal functionality and safety standards in every project. We are dedicated to building resilient facilities that support long-term operational success.

7. Public Private Partnerships

VALTEC fosters strategic public-private partnerships to drive innovation, enhance infrastructure, and boost economic growth in West Africa. Our collaborative approach connects government entities and private enterprises, fostering projects that benefit communities and contribute to sustainable development. By leveraging our industry expertise, we create mutually beneficial partnerships that address critical infrastructure and service needs.

8. Digital Solutions

Data & Analytics

We help businesses make smarter decisions by turning raw data into actionable insights.

Visualization and Immersive Storytelling

VALTEC brings your data to life with stunning visuals and engaging stories.

9. Sustainability

Risk and Assurance Strategy

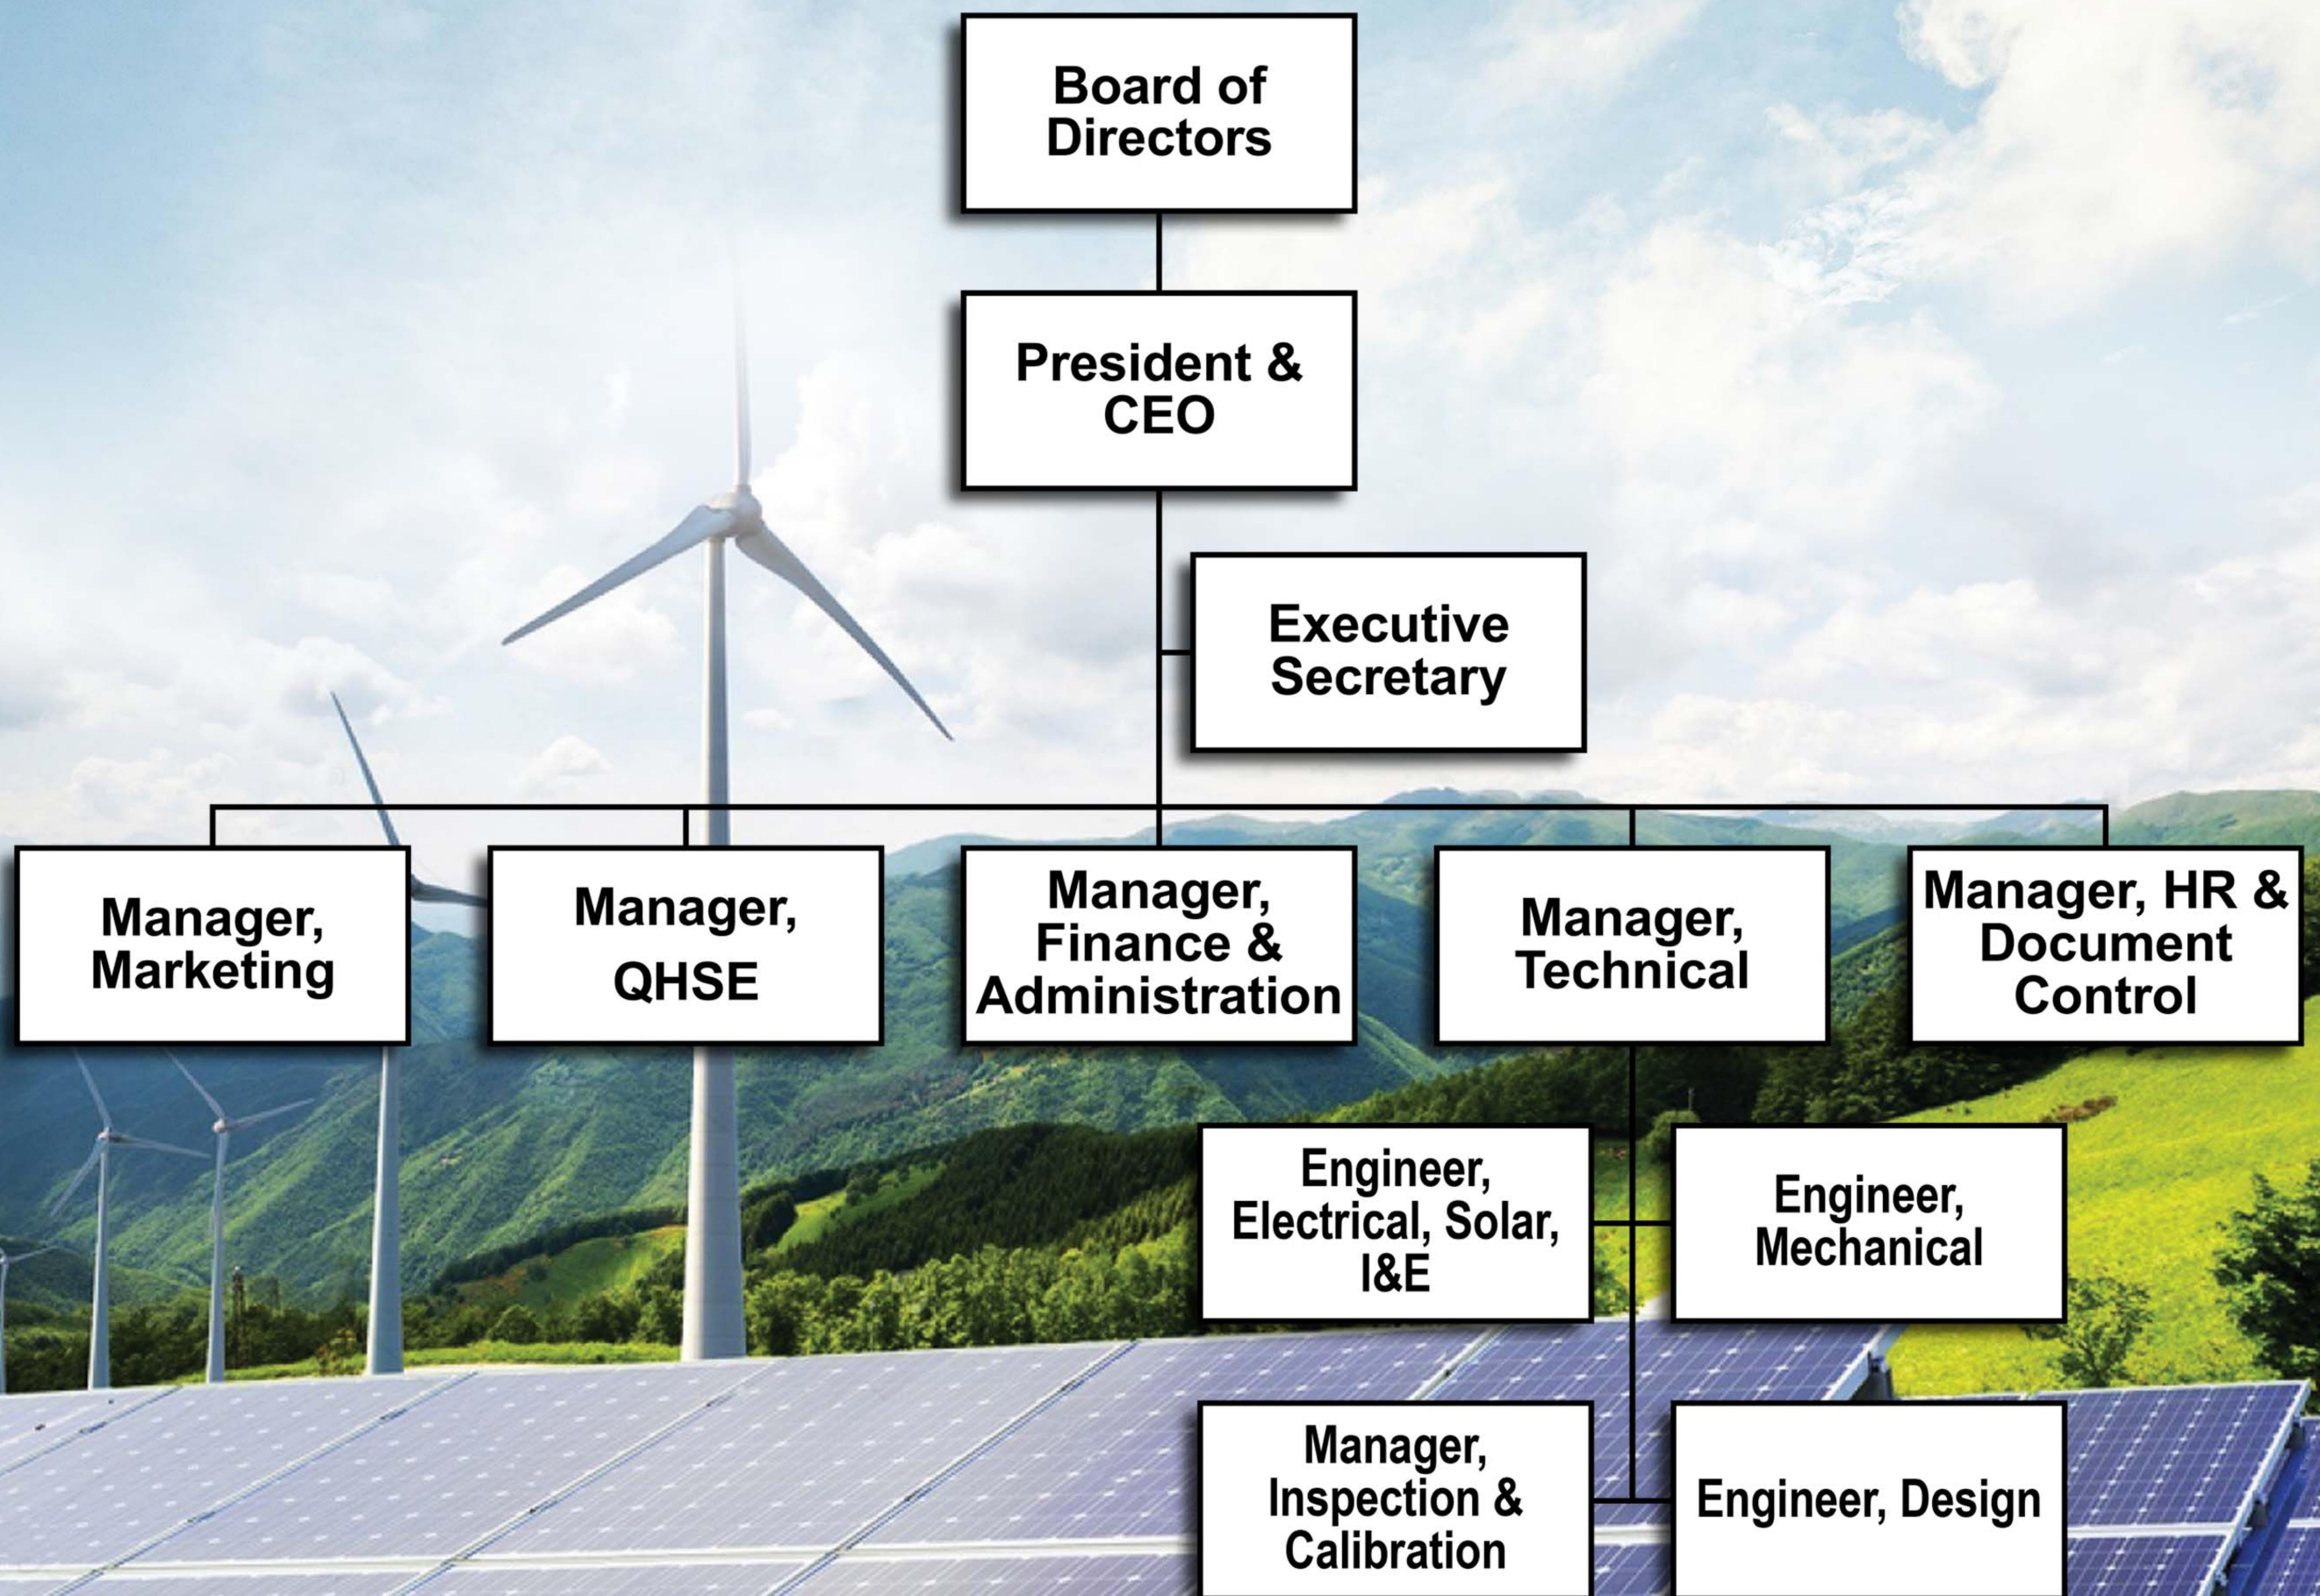

We help you identify risks and build strategies that ensure sustainable, long-term success.

Energy and Emissions Modeling

Our solutions help you track energy use and reduce emissions for a greener, efficient future.
